Date...../...../..... Administered at.....

Questions	Responses (Tick the box that apply below)				
	I Agree	I strongly Agree	I strongly Disagree	Disagree	I don't Know
The best way to handle the mentally ill is to keep them behind locked doors					
People with psychosis can be treated outside hospitals					
Mental patients need the same kind of control and discipline as a young child					
Mental illness is like any other illness.					
A person who once had psychosis can fully recover.					
People with psychosis can be equally treated by traditional healers.					
People with psychosis can be equally treated by faith healers.					
Anyone with a history of mental problems cannot be productively employed by others.					
A woman would be foolish to marry a man who has suffered from mental illness, even though he seems fully recovered					
A man would be foolish to marry a woman who has suffered from mental illness, even though she seems fully recovered.					
I am comfortable talking to someone who once had psychosis or to be their friend.					
People who once had psychosis can make their own decisions.					

Zimbabwe Early Intervention in Psychosis

Once I know that someone once had psychosis, I will take their opinions less seriously.					
The best therapy for many mental patients is to be part of a normal community					
Having people with psychosis living in the community is a risk to others.					

Thank you for taking your time to fill in this questionnaire!
